

A Guide for International Patients at RNOH Private Care

Defining Excellence in Orthopaedic Healthcare

We welcome patients from all over the world and work closely with medical referrers and sponsors including Embassies, Health Offices and Military Offices. We also welcome private individuals wishing to travel to the UK for expert, specialist treatment.

As a specialist centre, our care is focused specifically on neuro-musculoskeletal conditions affecting children and adults. Our doctors, nurses and healthcare staff are experts in their chosen field; many having moved here from across the UK, Europe and beyond to practise their skills surrounded by the very best in their profession. This gives you the reassurance that you are in the best hands.

Why choose the Royal National Orthopaedic Hospital Private Care

The RNOH is a world-renowned specialist hospital for the diagnosis and treatment of complex orthopaedic conditions. We provide the most comprehensive range of neuro-musculoskeletal health care in the UK and worldwide. We also manage and treat day to day orthopaedic issues. The Trust is a major teaching centre, 1 in 5 of orthopaedic surgeons in the UK receive their training here. Pioneering research focused on musculoskeletal as well as neuro-musculoskeletal conditions, rehabilitation, peripheral nerve injury repair, sarcoma detection, surgical treatments and much more happens here.

*World Class patient care for adults and children

Our patients travel from all over the world to receive the very best treatment from our highly specialised consultants in an environment that is suited to both complex and routine patient care.

Our surgical offering includes:

- Spinal
- Sarcoma
- Hip & Knee
- Foot & Ankle
- Shoulder & elbow
- Peripheral Nerve Injury
- Neurosurgery
- Paediatric

Our medical offering includes:

- Rheumatology
- Pain management
- Rehabilitation medicine
- Paediatric medicine
- Interventional radiology
- Physiotherapy

* RNOH was recently ranked at number 1 in the UK and number 9 globally in the World's Best Specialised Hospitals survey carried out by Newsweek in Nov 2020

State-of-the-art facilities

We can offer first class care, 24 hours a day with the benefit of our on-site specialist facilities and support services. We have a brand new inpatient ward block fully equipped with the latest facilities for complex and routine orthopaedic patients, providing the best environment for on-site post-operative rehabilitation.

Multi-disciplinary teams

Our Multidisciplinary Teams (MDTs) meet regularly to discuss cases and ensure that patients are receiving the correct advice and care with regards to their treatment. This means the very best possible decision making taking into account the expert opinions of our surgeons, radiologists, microbiologists, physiotherapists and occupational therapists.

On site kitchen and private rooms

Our menus are designed to give choice and high quality whilst being compatible with the nutritional standards essential to patient recovery. We have resources and professional expertise in the field of nutrition to underpin all our hospital catering services.

With a menu that changes daily and caters for all dietary requirements (including Vegetarian, Diabetic, Gluten-free; Ethnic meals including Kosher, Halal and Caribbean), you will be spoilt for choice as you enjoy your breakfast, lunch and three-course dinner.

The menus are available in a variety of different languages.

International referrals

To make an international referral see 'Get in touch' on page 11. The information you supply will be used only for the purpose of your referral and according to our privacy policy, which can be found on the website.

To support a visa application, once a patient's case has been accepted, we can provide a letter regarding your medical condition, the planned treatment, how many consultations there will be, how long the treatment is expected to take and how much the treatment will cost.

Interpreting service

An interpreter may be booked for all patients whose first language is not English. We also have a 24-hour telephone translation service available.
